INTERIOR DESIGN + DECORATING **DALIA CANORA DESIGN**

Principal **DALIA CANORA**, daliacanoradesign.com

Since doors opened in the summer of 2008, Dalia Canora Design has been on a journey to inspire and beautify residential interiors. Style, function and comfort remain the focus to this day. DCD works with clients to help them identify their own style so that their homes can be transformed into a unique three-dimensional space, while evoking the emotions they seek. Through creative vision, experience and a guided process, homes are transformed into true havens. Canora takes pride in providing a hands-on and personalized approach to each project. Creativity, originality and outstanding service are to this day the core of this interior design firm's mission statement.

From assisting with a remodel to helping clients select finishes and products when redecorating or building a home, DCD will start the process and see it to completion.

With access to local artisans and workrooms, as well as to hundreds of vendors and innovative lines, DCD creates fully custom-designed spaces. DCD will procure all that is necessary in furnishing and decorating a beautifully designed home. Curating the perfect piece for that special nook speaks to the thoughtful attention to detail. Scale and proportion will be respected. Everything in the space must function as needed, from the furniture selected, to the rug that anchors that furniture, to lighting design, to the art that speaks and impacts in many ways. With a trained eye in choosing the right colors, patterns, textures, and elements, DCD is sure to make the home a place that is cherished because it is stylish and well-functioning. Understated, yet impactful, serene and welcoming design is what a client will expect when they hire Dalia Canora Design.
